INTRODUCTION

IEC

We are pleased to introduce our self Imdad Engineering & Contracting LLC as a Professional Engineering Company and one of the leading contractors organized around a core of qualified and experienced engineers and technicians.

We have vast experiences in Road works (like Sub Base, Road Base, Wet Mix, Asphalt etc) and Earthworks (like Bulk Excavations buildings and development, also includes excavation for piling, Trench Excavation and filling). Our specialized Earth Works Team provides effective and timely services to our valuable clients.

We offer good quality and cost efficient services, project management and design, and has a broad expertise in handling massive projects all over UAE.

During past many years we have executed many works for prestigious clients in Dubai, Abu Dhabi, Al Ain, Fujairah, Umm Al Quwain, Ras Al Khaima and Sharjah and we guarantee customer satisfaction at its highest standard.

We pride ourselves for being able to achieve clients objectives every time and on time. This can only be attained with a company culture that has been developed and implemented under a professional organization. We are rightly proud with our achievements to date.

We have all the staff and management systems in place to ensure success of the projects. We also have the distinct advantage to easily provide needed resources anytime. We assure that we have the capacity and confident thru all our accomplished projects and track records. This is a huge advantage to our operations and adds strength to our relationships with clients and customers.

With our variety of services, accomplishments, broad knowledge and potential, we are perfectly confident that we are one of the solutions to a fast growing industry in construction.

SYED ARIF HUSSAIN BUKHARY

General Manager

Imdad Engineering & Contracting LLC is a construction company that was founded year 2011. We aim to provide cost-effective solutions and services to meet our clients' requirements in both public and private sectors. We have a proven track record of successful projects around UAE. We have accomplished various projects in Dubai, Abu Dhabi, Al Ain, Fujairah, Umm Al Quwain, Ras Al Khaima and Sharjah.

We guarantee that clients and customers will experience total satisfaction with every service and complex projects we have completed namely commercial, residential, highways and road works, water supply and drainage works.

Our overall experience in construction industry taught us that the keys to success are in fact simple, as it is all about the structure and organization and I strongly believe and focused on "Build with excellence and without compromising in quality and safety".

It has been a blessing for us to be part of such a great development in UAE and we look forward to continuously being active in building a better and safer place of tomorrow.

Once again, we thank you for your interest in Imdad Engineering & Contracting LLC and assure you of our continued commitment to providing the highest level of quality and services.

SHAHID AFZAL

Assistant General Manager

We know that our success in providing quality general contracting services has always been dependent on the talent and commitment of our employees. **Imdad Engineering and Contracting LLC** has been fortunate to acquire and retain many talented people who are committed to our company and our clients.

Over years, we have grown and changed with the construction industry. We have succeeded in establishing ourselves as one of the most prominent firms in UAE and have utilized our resources to become one of the premiere builders. We believe that the attention to detail established over the years will enable us to bring a higher level of service and craftsmanship to the base building market.

Thank you for your time and interest in reading our catalog and your interest in Imdad Engineering & Contracting LLC Company. Please review the projects we are proud to have completed. We look forward to a successful partnership with you. And we hope that you will soon get in touch with us and hope that our future will be filled with success for more upcoming years.

OUR VISION:

Our vision is to be acknowledge as a respected and professional engineering company pursuing excellence through dedication, experienced and disciplined employees with an ongoing passion to deliver quality, timely, profitable and cost effective projects so as to continually strengthen the growth of our construction business.

OUR MISSION:

Our mission is to be a dynamic team, providing the highest quality construction services available. To be the best kind of builder who treats its customers as partners. To continuously improve our service to customers and being responsive to their needs by constructing sustainable, safe, high quality and cost effective projects, through a process of consultation and innovation that will exceed their expectations for quality and performance.

➤ OUR CORE VALUES:

1. CUSTOMER SATISFACTION

- *Identify, understand and exceed customer expectations.*

2. QUALITY & SAFETY

- *Services and products offered exceeds the requirements of the clients.*

3. COMMITMENT

- *Dedicated to extraordinary effort, positive attitude and high performance.*

4. INTEGRITY

- *Doing business with fairness and honesty.*

5. CREATIVITY & INNOVATION

- *Developing new ways to implement solutions.*

Our People:

To promote a culture of mutual respect, by recognizing and rewarding individual and team performance, while providing secure employment, career progression and personal development opportunities, in a safe and healthy working environment .

Imdad Engineering and Contracting LLC was founded on 2011 and has achieved numerous projects through years. It is the policy of Imdad Engineering and Contracting LLC to work within a management system that provides a quality service to the clients. A cost effective business management system is the means adopted to ensure that quality standards are met, and objective evidence made available to substantiate that achievement, it also provides a framework for establishing and reviewing quality objectives.

Imdad Engineering and Contracting LLC commits to promote quality, professionalism, safety, environmental friendliness and compliance to excellent service as the main and integral part of its management function. To ensure that all projects are executed in accordance with contract specifications and drawings, within the specific time frame, and in compliance with all legal requirements thus providing good value and satisfaction to our clients. The company views this as the primary responsibilities and the key to good business and partnership together with the construction industry. The management is totally committed to providing products and services of the highest quality standards.

We focus on following objectives to achieve this overall goal.

Development and implementation of an effective system of procedures and processes to plan, implement and control activities throughout the lifecycle of the projects.

Deliver quality service, performance and manage activities to maintain and met excellent customer relation and satisfaction.

Consistently meeting or exceeding our customer's expectations on quality construction work and project performance.

Carry out construction works in strict compliance with regulations and in accordance with relevant specifications and requirements.

Professional approach and mutually beneficial partnerships are developed with suppliers and subcontractors who share our commitment in increasing client satisfaction.

Staffs are highly motivated and are fully trained and are involved in all levels of quality improvement of the business in establishing and achieving quality goals so they are better able to serve our customers.

Resources are available at all times as required by customers and are utilized effectively. Provide the necessary work environment to ensure the well being of our employees and visitors.

Analyze the causes of any complaint and take appropriate and prompt action to prevent recurrence.

Continuous improvement of the existing systems and processes for the constant success of the business.

These commitments will be achieved by working to the Quality Management System of Imdad Engineering and Contracting LLC which will be continually updated and improved to ensure that the Company remains successful in the civil engineering market.

HEALTH & SAFETY POLICY

We at Imdad believe that our most valuable resource is our people and their safety is our main concern at all levels of management and we make every effort to maintain a safe and healthy workplace for our employees, subcontractors, clients, their employees and everyone that visits our job sites.

Safety is our focus and we do not compromise when it comes to our peoples safety, we strive to continually improve and each year our goal is to achieve zero recordable accidents. We want everyone on our sites to go home each day the same way they arrived. We know this goal is ambitious, but we're an ambitious company, we believe there is no room for anything less than total safety when it comes to our jobs.

To ensure that safety is always our top priority we have designed a safety incentives program based on hours worked without a recordable injury, this program encourages everyone to take responsibility for safety on a daily basis.

To ensure a safe workplace we have to implement a few key factors:

- ❖ All our management, site supervisors and office personnel must participate in our in-house training sessions to make sure that they are aware of the latest safety techniques.
- ❖ Each of our job sites are inspected and monitored for the duration of the project to ensure that any potential safety hazard is identified and if any safety measures needs to be implemented.
- ❖ We have weekly safety visits by our safety committee to all the job sites and we expect individual accountability by empowering the site supervisors of each job site to manage any safety issues.

We at Imdad believe that the quality assurance / quality control processes is integral to our way of doing business and safety is a core value and is an integral part of our company's culture. A full health and safety policy will be provided to all our clients.

It is the company policy of Imdad Management to recognize the importance of Health, Safety and Welfare in the success of our operations for all company's activities. The management is aware that not only do they have a legal and moral obligation under all current Health and Safety legislation, but believe in the active participation of every member of the company in order to achieve and maintain the highest practicable expected in all Health and Safety matters.

It is the intention of Imdad to ensure the welfare of all its employees and that of any third party who may comes into contact or who may be affected by Imdad activities. It is also the policy of the company to maintain a high standard of Health and Safety provision to reduce the severity and frequency of accidents, and to achieve the highest practicable standard of accident prevention.

These objectives will be achieved within the procedural framework of the company organization and arrangements for the promotion of Health, Safety and Welfare which are designed to their particular needs.

Imdad has an outstanding record on Health and Safety and continually strives to achieve improvement. Development of management and safety system and management planning will assist in the future development of the company's Health and Safety standards.

Imdad is committed to leading the industry in minimizing the impact of its activities on the environment.

- ❖ Minimize waste by evaluating operations and ensuring they are as efficient as possible.
- ❖ Actively promote recycling both internally and amongst its customers and suppliers.
- ❖ Meet or exceed all the environmental legislation that relates to the Company.
- ❖ Promoting pollution prevention and conservation; promoting the effective use of innovative environmental technologies and practices.
- ❖ Implement a training program for its staff to raise awareness of environmental issues and enlist their support in improving the Company's performance.

Imdad recognizes that environmental issues are of fundamental importance to a successful and responsible business strategy. Therefore it is committed to minimizing the environmental impact of its operations wherever possible. In line with the commitment to the environment, Imdad will use operating standards of environmental protection to the best industry practice in comparable situations, minimize energy usage and waste wherever practical, train and educate its workforce in the relevant aspects of environmental policy and basis.

All information and advice obtained from local enforcing authorities over matters relating to an improvement of the environment when carrying out the company's activities will be taken on board and adopted in all future upgrades to Imdad environmental policy. Standard as required by the construction industry, CITB and the leading bodies involved in health and safety.
